ANATOMY SKETCHES
The Sympathetic Nerves

The sympathetic nervous system innervates all the smooth muscles and the various glands of the body, and the striated muscle of the heart. The efferent sympathetic fibers which leave the central nervous system in connection with certain of the cranial and spinal nerves all end in sympathetic ganglia and are known as preganglionic fibers. From these ganglia postganglionic fibers arise and conduct impulses to the different organs. In addition, afferent or sensory fibers connect many of these structures with the central nervous system.

The right sympathetic chain and its connections with the thoracic, abdominal, and pelvic plexuses. (After Schwalbe.)

The Nervous System - Groups of Nerves
Your nervous system is composed of the central nervous system, the cranial nerves, and the peripheral nerves. The brain and spinal cord together form the central nervous system. The cranial nerves connect the brain to the head. The four groups of nerves that branch from the cervical, thoracic, lumbar, and sacral regions of the spinal cord are called the peripheral nerves. The Human Parasympathetic Nervous System
The Circulatory System

Diagram showing the circulatory system with labels for various vessels and arteries.
Arteries & Veins of the Mid and Upper Body
Veins of the Right Arm

Subclavian Vein

Axillary Vein

Cephalic Vein

Brachial Vein (with Brachial Artery)

Basilic Vein

Median Cephalic Vein

Median Basilic Vein

Radial Vein

Ulnar Vein

Median Vein

Superficial veins of the right upper limb
Veins of the Anterior & Posterior Leg

- Femoral Vein
- Saphenous Opening (in Fascia)
- Long Saphenous Vein
- Popliteal Vein
- Short Saphenous Vein

ANTERIOR POSTERIOR
Veins of the Head & Neck
The Human Lymphatic System

- Cervical nodes
- Left subclavian vein
- Axillary nodes
- Thoracic duct
- Epitrochlear nodes
- Cisterna chyli
- Inguinal nodes
The Main Anterior Muscles of the Human Body
The Main Posterior Muscles of the Human Body
The Ankle
Features of the Forearm & Hand
Wrist
The Human Skeleton
Cross-Section of the Human Skin

Respiratory System
Upper Respiratory Tract

Nervous System Organization

- Nervous System
  - Central Nervous System
    - Brain
    - Spinal Cord
  - Peripheral Nervous System
    - Motor (Efferent) Neurons
    - Sensory (Afferent) Neurons
    - Autonomic Nervous System
    - Somatic Nervous System
      - Sympathetic Nervous System
      - Parasympathetic Nervous System
